

Special Note: Thank you for your interest in Engineering Camp! This is the paper application for the Greenville Engineering Camp 2024 (Clemson, SC).

We highly recommend that you apply using our online application. To access the application, you will need to create an account at <https://www.nextengineers.org/user/register>.

For more information on the online application, visit <https://www.nextengineers.org/how-apply-engineering-camp>.

If you are experiencing any issues accessing the application, e-mail NextEngineers@fhi360.org for assistance.

Next Engineers: Greenville Engineering Camp 2024 (Clemson, SC)

Please read the details below before starting the application.

Engineering Camp Overview and Schedule

The Next Engineers: Greenville Engineering Camp, sponsored by the GE Foundation and provided by Clemson University, is open to any current 8th or 9th grader who lives in South Carolina.

Over the course of 1 week, campers will be immersed in the world of engineering, where they will develop their creativity and problem-solving skills, complete hands-on, team-based design challenges, have an opportunity to meet real-world engineers, and get a sense of college life. Camp is free of charge to all participants. Lunch will be provided. Transportation will be provided to students in Anderson, Greenville, Oconee, Pickens, or Spartanburg counties. Students residing outside of these counties will need to provide their own daily transportation to and from Clemson University.

Engineering Camp will be held at **Clemson University in Clemson, South Carolina**. Each session will run from 9 AM to 3 PM, Monday-Friday. This does not include transportation time. Pick-up and drop-off times will be communicated to campers before the start of each session. Students may participate in only one session. Sessions will take place the following weeks:

- Monday, June 10-Friday, June 14, 2024
- Monday, June 24-Friday, June 28, 2024

The Greenville Engineering Camp is managed by Clemson University PEER & WISE and FHI 360.

Engineering Camp Application Process

The application is due by **Friday, April 12 at 11:59 PM**. If more than one student is applying in a family, then an application must be submitted for each student.

Please note that **submitting a camp application form will place the student in the selection pool but does not guarantee a spot in the Engineering Camp**. Eligible students will be selected based on a lottery system until all spots are filled. Students who have never attended Next Engineers: Engineering Camp before will be given preference over students who attended in 2023. Additionally, preference will be given to students living in Anderson, Greenville, Oconee, Pickens, or Spartanburg counties. Some students may be placed on a waiting list and granted admissions if/when spots become available. Students and parents will be notified regarding admission into Engineering Camp by Friday, April 26.

Scanned applications and questions may be e-mailed to nextengineersGVL@clemson.edu.
