Next Engineers: Cincinnati Engineering Camp 2024

Please read the details below before starting the application.

Engineering Camp Overview and Schedule

The Next Engineers: Cincinnati Engineering Camp, sponsored by the GE Foundation and provided by University of Cincinnati, is open to any current 8th or 9th grader who lives in any of the following counties: Bulter, Clermont, Hamilton, or Warren counties in Ohio; Boone, Campbell, or Kenton counties in Kentucky; and Franklin or Dearborn counties in Indiana.

Over the course of 1 week, campers will be immersed in the world of engineering, where they will develop their creativity and problem-solving skills, complete hands-on, team-based design challenges, have an opportunity to meet real-world engineers, and get a sense of college life. Camp is free of charge to all participants. Lunch and snacks will be provided. Bus passes or parking validation will be provided to students living within a 10-mile radius of the camp location upon request.

Engineering Camp will be held at the University of Cincinnati. Each session will run from 9 AM to 4 PM, Monday-Friday. This does not include transportation time. Pick-up and drop-off times will be communicated to campers before the start of each session. Students may participate in only one session. Sessions will take place the following weeks:

- Monday, June 3 to Friday, June 7, Uptown Campus (Structural/Material Engineering focus)
- Monday, June 24 to Friday, June 28, 2024, Blue Ash Campus (Biomedical Engineering focus)

The Cincinnati Engineering Camp is managed by the University of Cincinnati and FHI 360.

Engineering Camp Application Process

The application is due by **Sunday, March 31, 2024 at 11:59 PM**. If more than one student is applying in a family, then an application must be submitted for each student. Additionally, a different email is required for each applicant in the same family.

Black/African American, African Descent, Latinx, Indigenous students and girls are strongly encouraged to apply.

Please note that submitting a camp application form does not guarantee a spot in the Engineering Camp.

Eligible students will be selected based on a lottery system until all spots are filled. Students who have never attended Next Engineers Engineering Camp before will be given preference over students who attended in 2023. Some students may be placed on a waiting list and granted admissions if/when spots become available. Students and parents will be notified regarding admission into Engineering Camp by April 15, 2024.

Scanned applications and questions may be e-mailed to GENextEngineers@ucmail.uc.edu.
