

In Next Engineers' **FOURTH YEAR**,

2025

TOTAL VOLUNTEER HOURS:

over 9,100

Over **2,500 hours** in Engineering Academy

Over **1,400 hours** in Engineering Camp

And over **1,300 hours** in Engineering Discovery!
plus **almost 800** in Global Engineering Discovery!!

Next Engineers volunteers reached nearly **8,700** unique young people in 2025.

Volunteers surveyed reported **“Very Positive”** experiences with Next Engineers and said they would recommend it to their colleagues.

When asked **what they appreciate most about Next Engineers volunteers,** students shared:

The GE volunteers have given me insight on what day-to-day life as an engineer is like. The insight they give **helps me on my way to becoming an engineer.**

The support from GE volunteers has been **incredibly motivating.** They have not only helped me understand engineering concepts better but have also given me the confidence to explore new ideas and challenges.

Their **mentorship and encouragement** have played a big role in **shaping my interest in engineering.**
