

Scholarship Distribution Process

www.nextengineers.org/academy-scholarship-information

Overview

Students who successfully complete the Engineering Academy program and meet the eligibility requirements will receive a one-time, partial financial scholarship towards their pursuit of postsecondary education in engineering.

This award does not prohibit students from receiving other awards, and students are encouraged to apply for and accept additional forms of financial assistance.

Read the full eligibility requirements at:

www.nextengineers.org/resource/engineering-academy-scholarship-eligibility

SCHOLARSHIP CONTACT

If you have any questions about the Engineering Academy Scholarship, please email

NEscholarships@fhi360.org.

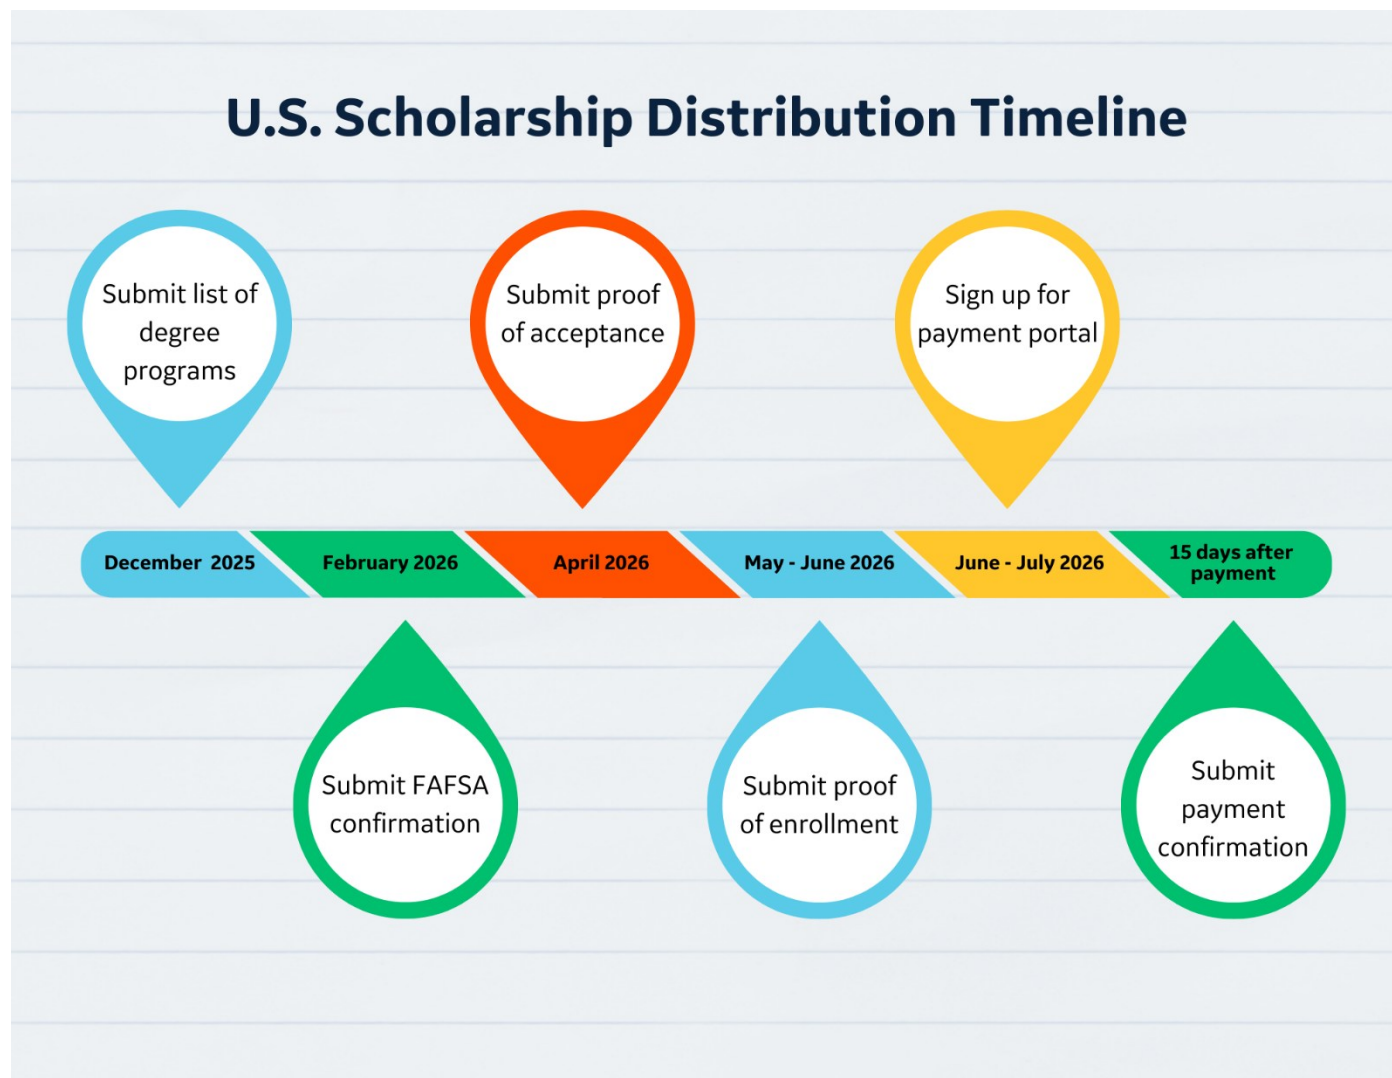

How to Apply

Visit the Next Engineers website for more details about the process and more resources: www.nextengineers.org/academy-scholarship-information.

Timeline for Academy Students in the United States

Students completing Engineering Academy in Cincinnati, OH, or Greenville, SC, will need to complete the following steps as you progress through the Academy Scholarship Distribution Process. **You are encouraged to complete each step as soon as possible**, and no later than the deadlines listed.

Students will receive emails from NEscholarships@fhi360.org with detailed instructions and links to each form. The forms are also available online: www.nextengineers.org/us-scholarship-details
